**WIA INFORMATION BULLETIN NO. 01-12
SERVICE STRATEGIES FOR BLIND OR VISUALLY IMPAIRED YOUTH**

The Braille Institute of Los Angeles will participate in a multi-cultural technology exposition on August 31, 2000 at the Roybal Courtyard, 300 N. Los Angeles Street, from 10:00 AM. until 2:00 P.M. The Braille Institute's presentation will emphasize the use of technology to aid in the development of employment and service strategies for visually impaired and blind youth.

The Youth Opportunities System (YOS) encourages all WIA Youth contractors to attend this exposition and to begin the process of developing partnerships with those agencies that provide services to persons with disabilities.

This exposition is an excellent opportunity for your staff (case managers, job developers, and customer service managers) to become familiar with available technology that can enhance the delivery of service to persons with disabilities.

Location: United States Department of Justice –
