

**West Los Angeles Traffic Study
TRAFFIC SURVEY
For RESIDENTS living in the WLA area.**

**Business operators & employees please complete the survey specific to you. There are two different surveys.*

Traffic is a major concern for residents, businesses and commuters throughout West LA. Councilman Rosendahl, working in conjunction with local community, business and residents organizations, wants to attack the traffic problem and needs your help.

Councilman Rosendahl is facilitating a traffic study to define issues and generate potential solutions. The first phase of this traffic study is getting data to identify *SPECIFIC* problems.
