Honorable James K. Hahn, Mayor  
Honorable Members of the City Council  
of the City of Los Angeles

Dear Mayor Hahn and Members of the City Council:

Under City Charter Section 266 (a), the Controller, Council and Mayor shall jointly cause at least once in every five years, an industrial, economic and administrative survey to be made of the business and property of each of the Harbor, Water and Power and Airports Departments and shall select an independent qualified industrial engineer or organization specializing in such surveys to conduct survey.

Working with the Mayor and City Council's representatives, I commissioned an industrial survey of the Department of Water and Power. Although finalized in October 2002, that study is now available on my website and complete with current issues related to the operations and management of the LADWP.

Sincerely,

LAURA N. CHICK  
City Controller
