

## AMERICAN HEROES AIR SHOW

On behalf of the entire American Heroes Air Show team we're pleased to announce our Los Angeles event date: July 12, 2008

Since the origination of the Heroes event in Los Angeles in 1993 our event has grown to become the nation's premier admission-free, helicopter-only aviation event produced by volunteers from coast-to-coast with a passion for rotary-wing aviation and public service.

We invite you to check out our event website for additional details and profiles of prior Heroes' events around the country – AHAS Texas has produced and posted to their section of the website a great video profile of their 2007 event.

The website also offers direct contact information for the various sites around the country.
