A message from Mayor Eric Garcetti & The Los Angeles City Council

It's important that government works for you. The 3-1-1 system means you just need to call one number to get help from City Hall. It's free, and operators are specially-trained to help fix problems and provide information. No one knows more about what our neighborhoods need than you do, so I urge you to call 3-1-1 whenever you see graffiti, a pothole, a broken street light -- anything that needs attention. Fixing problems early saves taxpayer dollars and protects our neighborhoods. And remember, you also can send an email to mayor.garcetti@lacity.org, visit www.lacity.org, or download the MyLA311 app to your Android or iPhone device, to contact us anytime, anywhere.
